

APEX Home Allies, LLC

HOME INSPECTION PRICING

Inspection fees are based on square footage of the home or building and include the inspection of systems and components as listed in the Inspection Agreement.

There is a separate cost and separate Inspection Agreement associated with 4-Point, Wind Mitigation and customized Safety Inspections.

Safety Inspection as a separate service is customizable based on client's concerns so fees can vary. The *Safety Inspection* fees listed below are based on the checklist prepared by AEPX Home Allies, LLC. *Maintenance Consult* is a custom service and fees will be determined after client agrees on service.
